Inside The Macallan

Nestled above the river Spey. An obsession with quality has been the hallmark of The Macallan since its founding by Alexander Reid on a plateau above the river Spey in north-east Scotland. The distillery is surrounded by a 485-acre estate with Easter Elchies House at its heart.

Founded in 1824, The Macallan was one of the first distillers in Scotland to be legally licensed. Since then, we have built a reputation as one of the world's leading single malt whiskies. The creation of The Macallan draws on the vital contributing influences of Spain, North America, and Scotland - and of their respective natural raw materials, combined with traditional methods and craftsmanship.
